Been knocking you down, now you're looking for more

The only sound you hear is a closing door

Been looking for peace but they're bringing you war

**C** **G**

And poor man's smilin' cause he knows he ain't blind (*he knows he ain't blind*)

**Dm**

There's a man over there says he's tougher than me

**C** **G**

But I got eyes that can see through fantasy (*I can see through fantasy*)
