(Written by Larry Murray, recorded by Tommy Cash 1969.)

Some folks love and some folks don't
Some folks laugh and some folks frown
Some folks hear then they gun you **(C7)**down

Goodbye **(F)**John (goodbye John)
(G)six white horses come to take you **(C)**home
Goodbye **(F)**John (goodbye John)
(G)They took you away before you sang your **(C)**song

(C)Some preach wrong and some preach right
Some preach love and some preach fight
Takes every kind to make the world go round
Takes only one to gun you **(C7)**down

Goodbye **(F)**Martin (goodbye Martin)
(G)Six white horses come to take you **(C)**home
Goodbye **(F)**Reverend (goodbye Reverend)

(C)Some people stick pretty close to home
Others are born with the urge to roam
Welcome, welcome to our town
I hope nobody tries to gun you **(C7)**down

(G)Six white horses come to take you **(C)**home
Goodbye **(F)**Robert (goodbye Robert)
